

Abstract

Many historical studies dealt with a lot of humanitar aspects in the holy Quran. One of these studies was about the crying ritual for being mentioned in its verses as well as the prophet's sayings. Some of the prophet'(Pbuh) saying traditious the believers to cry. These sayings reved praise to the weeping of the ground and the sky as well as the prophet's cry for the affliction of Imam Hussein(Pbuh) .

This study focused on the emotional and humanitarian studies of crying since Adam's time and that it is innate and natural. The prophet Muhammad (pbuh) mentioned that all prophet and messengers used to cry.
